- may be employed in any orientation, i.e. with their start direction along the main box axis into wind, or down wind, or on the secondary axis in either direction.
- must be used with their design as specified by CIVA, unchanged in any way.

The 5 "Free" figures:

- must be selected from the Aresti Aerobatic Catalogue (Condensed), Power version.
- must, in conjunction with the specified "Known" figures, provide a sequence that complies overall with CIVA Section 6 Part 1 regulations.
